

## HaskoningDHV Myanmar Co., Ltd.

### The Company

Royal HaskoningDHV (RHDHV) is a leading independent, international project management, engineering and consultancy service provider with roots established in the Netherlands (HQ), the United Kingdom and South Africa. Ranking globally in the top 10 of independently owned, non-listed companies and top 40 overall, the company's 8,000 staff provide services across the world from more than 100 offices in over 35 countries. We specialize in industry, energy and mining, infrastructure, maritime and waterways, aviation, buildings, planning and strategy, rivers, deltas and coasts, and water technology. A first choice consultancy for major world challenges, our experts provide sustainable and pragmatic solutions for pit-to-port, food security and water scarcity, the development of mega-cities, sustainable infrastructure and energy resources.

RHDHV was one of the first Western Engineering companies to come back to Myanmar in 2012. Since then we have built up our local team to 30+ staff and have taken leading market positions in the port, river, buildings and industrial sectors. With the new government in office and increased International interest in the country we have strong growth plans. We want to be one of the main players in enhancing Myanmar society.

We currently have an open vacancy for a **Senior Project Manager** for Industries and Building Business Line.

The successful applicants will be working in a very positive and professional environment. We offer on-the-job-training by international experts, good labor conditions and the possibility for inter-company rotation, if wished also outside Myanmar.

#### 1. Role Description

- This role is to join HaskoningDHV Myanmar as a key member of the Industry and Buildings Management Team with a focus on successfully delivering design and documentation on industrial and building projects.
- The candidate will have demonstrated experience in team management and leadership, strong understanding of all aspects of the design and construction process and ability to develop rigorous design solutions to meet client challenges.
- The successful applicant will be working in a positive and professional global company environment; with opportunities to learn and grow on a range of local and international projects.

#### 2. Duties & Responsibilities

- As a senior project manager, you will be active in the heart of the business of Royal HaskoningDHV which is executing projects for our clients. In this primary role you will be in close contact with our clients and will be responsible for managing the balance

between on the one hand the client relationship, expectations and satisfaction and on the other hand the commercial interests of the company. You will be managing the project team that collectively will prepare the deliverables as agreed with the client.

- In your secondary role you will be working closely with the Associate Director Advisory Group identifying new project leads and preparing winning proposal.
- Your excellent analytical skills will help you defining client requirements and expectations and your commercial talent will contribute to preparing a winning proposal.
- A role as senior project manager offers great opportunities to develop your professional career further whether as a project manager or as a line manager. Your contribution will be key in the further growth of the Industry & Buildings team in Myanmar.

### **3. Requirements**

- Candidate must possess minimum a BE (Civil/Mechanical/Electrical Engineering) or equivalent Degree in Engineering background. However as master degree is preferred.
- 15 years of working experience in civil projects, preferably in an international consultancy setting and involve in industrial and building construction projects.
