

HaskoningDHV Myanmar Co., Ltd.

The Company

Royal HaskoningDHV (RHDHV) is a leading independent, international project management, engineering and consultancy service provider with roots established in the Netherlands (HQ), the United Kingdom and South Africa. Ranking globally in the top 10 of independently owned, non-listed companies and top 40 overall, the company's 8,000 staff provide services across the world from more than 100 offices in over 35 countries. We specialize in industry, energy and mining, infrastructure, maritime and waterways, aviation, buildings, planning and strategy, rivers, deltas and coasts, and water technology. A first choice consultancy for major world challenges, our experts provide sustainable and pragmatic solutions for pit-to-port, food security and water scarcity, the development of mega-cities, sustainable infrastructure and energy resources.

RHDHV was one of the first Western Engineering companies to come back to Myanmar in 2012. Since then we have built up our local team to 30+ staff and have taken leading market positions in the port, river, buildings and industrial sectors. With the new government in office and increased International interest in the country we have strong growth plans. We want to be one of the main players in enhancing Myanmar society.

We currently have an open vacancy for a **Senior Structural Engineer** for Maritime & Aviation Business Line.

The successful applicants will be working in a very positive and professional environment. We offer on-the-job-training by international experts, good labor conditions and the possibility for inter-company rotation, if wished also outside Myanmar.
